

2.Create a simple cloud software application for Flight Reservation System using any Cloud Service Provider to demonstrate SaaS

This screenshot shows the 'Design' view of a 'Flight Booking' form in Zoho Creator. The form is titled 'Flight Booking' and includes the following fields:

- Name \***: Split into 'First Name' and 'Last Name' input boxes.
- Email**: A single input box with an email icon.
- Phone \***: An input box with a country code dropdown (currently showing '+91') and a phone number input (currently showing '81234 56789').
- Address**: Split into 'Address Line 1' and 'Address Line 2' input boxes.
- City / District**: An input box.
- State / Province**: A dropdown menu (currently showing '-Select-').
- Postal Code**: An input box.
- Country**: A dropdown menu (currently showing '-Select-').
- Pickup Address \***: A single input box.

The right sidebar shows 'Form Customization - Web' with 'Label placement' options. The bottom status bar indicates 'Trial expires in 12 days' and 'Upgrade' options.

This screenshot shows the 'Design' view of the same 'Flight Booking' form, but with additional fields added below the 'Pickup Address' field:

- Destination Address \***: Split into 'Address Line 1' and 'Address Line 2' input boxes.
- City / District**: An input box.
- State / Province**: A dropdown menu (currently showing '-Select-').
- Postal Code**: An input box.
- Country**: A dropdown menu (currently showing '-Select-').
- Booking Date**: A date input box with a calendar icon (placeholder: 'dd-MMM-yyyy').
- Travelling Date \***: A date input box with a calendar icon (placeholder: 'dd-MMM-yyyy').

At the bottom of the form, there are 'Submit' and 'Reset' buttons. The right sidebar and bottom status bar are identical to the previous screenshot.
