

5. Create a simple cloud software application for Library book reservation system for SIMATS library using any Cloud Service Provider to demonstrate SaaS

The screenshot shows the Zoho Creator interface for editing a form titled "SIMATS Library Book Reservation". The form is currently in the "Design" view. The form layout includes the following fields:

- Name (First Name, Last Name)
- Registration number
- Department (First Name, Last Name)
- Phone (+91 81234 56789)
- Email
- Address (Address Line 1, Address Line 2, City / District, State / Province)

The right sidebar shows the "Form Customization - Web" panel with "Label placement" options. The bottom status bar indicates the trial expires in 12 days and the date is 27-01-2023.

The screenshot shows the Zoho Creator interface for editing the same form, but now it is in the "Design" view with the form layout completed. The form layout includes the following fields:

- Address (Address Line 1, Address Line 2, City / District, State / Province, Postal Code, Country)
- Book Name & S.No
- From the Date (dd-MM-yyyy)
- To the Date (dd-MM-yyyy)
- NOTE: Student should must have library membership. Then only book will reserved for student.
- Submit and Reset buttons

The right sidebar shows the "Form Customization - Web" panel with "Label placement" options. The bottom status bar indicates the trial expires in 12 days and the date is 27-01-2023.
